SECTION 1: IDENTIFICATION

Trade Name: Four Seasons Acrylic Liquid - **Clear**
Chemical Name: Mixture of Acrylates
Use of Substance/Mixture: Film Formers for Nails
Manufacturer:
Millenia Productions, LLC.
3819 N. Toben, Wichita KS 67226
(316) 425-2500

Emergency Phone Number:

Chem Tel Chemical Expert Assistance Hotline
Domestic: 1-800-255-3924
International:01-813-248-0585

Chem Tel: 365/24/7

Contact Number: MIS0007427

SECTION 2: HAZARD(S) IDENTIFICATION

GHS-US Classification

Hazard Pictograms **See page 11 Section 16**

Signal Word Danger

Hazard Statements
H225 – Highly flammable liquid and vapor.
H319 – Causes Serious eye irritation.

Precautionary Statements
P210 - Keep away from heat, open flames, sparks. - No smoking.
P233 - Keep container tightly closed.
P240 – Ground/bond container and receiving equipment.
P241 – Use Explosion – proof electrical, lighting, ventilating equipment.
P242 – Use only non-sparking tools.
P243 - Take precautionary measures.

Millenia Productions, LLC. DBA La Palm Spa Products®

Version 3.0

Precautionary Statements Continued

Ingestion:

If product is swallowed, it may cause nausea, vomiting and/or diarrhea and central nervous system depression.

Eyes & Skin:

The liquid may produce eye discomfort and is capable of causing temporary impairment of vision and/or transient eye inflammation, ulceration. The vapor is discomforting to the eye. Splashes may cause severe eye irritation, possible corneal burns and eye damage. Moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, irritation and watering. May be irritating to skin, especially after prolonged contact. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.

Inhalation:

Vapors of this product may be moderately irritating to the nose, throat and other tissues of the respiratory system.
Symptoms of overexposure can include coughing, wheezing, nasal congestion, and difficulty breathing. Inhalation of concentrated vapors can cause central nervous system depression (e.g., drowsiness, dizziness, headaches, nausea). Odor may give some warning of exposure, but odor fatigue may occur.

Symptoms of overexposure:

Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. Overexposure in eyes may cause redness, itching and watering. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.
Slight irritation near effected areas of some sensitive individuals.

Acute Health Effects:

Moderate irritation to eyes and skin near affected areas. Additionally, high concentrations of vapors can cause drowsiness, dizziness, headaches and nausea

Other Hazards

No additional information available

Unknown Acute Toxicity

No data available

Revision Date: 10/20/2025
Version 3.0

SECTION 4: FIRST-AID MEASURES

First-Aid Measures

First-Aid Measures After Inhalation: Pre-existing dermatitis, other skin conditions, and disorders of the target organs (eyes, skin, respiratory system).

First-Aid Measures After Skin Contact: If products get in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek immediate medical attention. If the problems persist, seek immediate medical attention.

First-Aid Measures After Eye Contact: if irritation occurs & product is on the skin, rinse thoroughly with lukewarm water, followed by thorough washing of the affected area with plenty of soap and water. Remove all contaminated clothing, including footwear and wash thoroughly before reuse. If irritation, redness or swelling persists, consult a physician immediately remove victim to fresh air at once. If breathing stops, perform artificial respiration. Seek immediate medical attention.

First Aid Measures After Ingestion: If ingested, do not induce vomiting! If product has been swallowed, drink plenty of water or milk. Never give water or milk to an unconscious person. Contact the nearest poison control center or local emergency number. Provide an estimate of the time at which the material was ingested and the amount of thesubstance that was swallowed .

Symptoms And Effects

Seek medical assistance for further treatment, observation and support of necessary.

SECTION 5: FIRE-FIGHTING MEASURES

Extinguishing Method

Haz Chem Code: 2YE

Hazard Identification Number:

33 Water, Foam, CO2, Dry Chemical

Special Hazards Arising from the Substance or Mixture

Fire Hazard:

This product is an extremely flammable liquid. When involved in a fire, this product may ignite and decompose to form toxic gases (e.g., CO, CO2, NOx). Extinguish all nearby sources of ignition as vapors may travel and flash back.

Advice for Firefighters

Firefighting Instructions:

First responders should wear eye protection. Structural fire fighters must wear full protective equipment and MSHA/NIOSH-approved self-contained breathing apparatus. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas. If necessary, rinse contaminated equipment with soapy water before returning to service.

PH: (316) 425-2500 FAX: (316) 425-2300

Revision Date: 10/20/2025
Version 3.0

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.

For Non-Emergency Personnel

For small spills (e.g., <1 gallon) wear appropriate personal protective equipment (e.g., goggles, gloves). Maximize ventilation (open doors and window) and secure all sources of ignition. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reusing.

For Emergency Responders

For spills ³ 1 gallon, deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g., sand or earth).

Environmental Precautions

Use ONLY non-sparking tools for recovery and cleanup.

Methods and Material for Containment and Cleaning Up

Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal.

Reference to Other Sections

Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

SECTION 7: HANDLING AND STORAGE

Work & Hygiene Practices:

Avoid prolonged contact with this material. Avoid breathing the vapors generated by this product. Use in a well-ventilated location (e.g., local exhaust ventilation, fans). Wash exposed skin thoroughly with plenty of soap & water after using this product. If necessary, use a moisturizer after washing. Do not eat, drink, or smoke while handling this product.

Storage Conditions:

Use and store in a cool, dry, well-ventilated location (e.g., local exhaust ventilation, fans). Keep away from excessive heat, open flames, sparks, and other possible sources of ignition. Keep away from incompatible materials listed in Section 10. Do not store in damaged or unmarked containers or storage devices. Keep containers securely closed when not in use. Open slowly on a level, stable surface. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care. As a precaution against exposure to the eyes, nose, throat and face, this product should not be stored higher than waist level.

Keep away from children at all times!

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Controls

Appropriate Engineering Controls	Use with adequate ventilation (e.g., open doors and windows, local exhaust ventilation). Ensure appropriate decontamination equipment is available (e.g., sink, safetyshower, eye-wash station).
Hand Protection	None required under normal conditions of use. However, may cause skin irritation in some sensitive individuals. When handling large quantities (e.g., ³ 1 gallon), wear rubber or impervious plastic gloves.
Eye Protection	Wear protective eyewear (e.g., safety glasses with side-shield) at all times when handling this product. Always use protective eyewear when cleaning spills or leaks. Contact lenses pose a special hazard; soft lenses may absorb and concentrate irritants.
Skin and Body Protection	No apron required when handling small quantities When handling large quantities (e.g., ³ 1 gallon), eye wash stations and deluge showers should be available. Upon completion of work activities involving large quantities of this product, wash any exposed areas thoroughly with soap and water.
Respiratory Protection	No special respiratory protection is required under typical circumstances of use or handling. In instances where vapors or sprays of this product are generated, and respiratory protection is needed, use only protection authorized by 29 CFR §1910.134, applicable U.S. State regulations, or the Canadian CAS Standard Z94.4-93 and applicable standards of Canadian Provinces, EC member States, or Australia .
Thermal Hazard Protection	Keep away from flame.
Other Information	None

SECTION 10: STABILITY AND REACTIVITY

Reactivity: Relatively stable under ambient conditions when stored properly

Possibility of Hazardous Reactions: If exposed to extremely high temperatures, products of thermal decomposition may include irritating vapors and toxic gases (e.g., oxides of carbon & nitrogen).

Conditions to Avoid: Exposure or contact to extreme temperatures, incompatible chemicals, strong light sources, sparks, flame Strong oxidizers, peroxides or strong acids

Hazardous Decomposition Products: List of hazardous decomposition products.

SECTION 11: TOXICOLOGICAL INFORMATION

Toxicity Data:

This product has NOT been tested on animals to obtain toxicological data. There is toxicology data for the components of the product, which are found in scientific literature. This data has not been presented in this document.

Acute Toxicity: See Section 2

Chronic Toxicity: See Section 2

Suspected Carcinogen: NE

Reproductive Toxicity:

This product is not reported to cause reproductive toxicity in humans.

Mutagenicity:

This product is not reported to produce mutagenic effects in humans.

Embryotoxicity:

This product is not reported to produce embryotoxic effects in humans.

Teratogenicity:

This product is not reported to cause teratogenic effects in humans.

Reproductive Toxicity:

This product is not reported to cause reproductive effects in humans.

Irritancy of Product: see section 2

Biological Exposure Indices: NE

SECTION 12: ECOLOGICAL INFORMATION

Biodegradability: The components of this product will slowly degrade over time into a variety of organic compounds. Specific environmental data available for the components of this product are available, but are not presented in this SDS

Environmental Effects: There is no specific data available for this product.

Eco-toxicity: Not determined

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose in accordance with all federal, provincial, and/or local regulations.

Waste Disposal: Dispose in accordance with local, state and Federal hazardous waste laws.

Special Considerations: Waste Disposal: U.S. EPA Characteristic Waste: D001 (ignitability).

SECTION 14: TRANSPORT INFORMATION

The basic description (proper shipping name, hazard class & division, ID Number, packing group) is shown for each mode of transportation. Additional descriptive information may be required by 49 CFR, IATA/ICAO, IMDG and the CTDGR.
49 CFR (GND):
CONSUMER COMMODITY, ORM-D
UN2277, Ethyl Methacrylate, 3, II (> 1.0 L)
IATA (AIR):
CONSUMER COMMODITY, 9, ID8000 (£ 0.5 L)
UN2277,Ethyl Methacrylate, , 3, II (> 0.5 L)
IMDG (OCN):
UN2277, Ethyl Methacrylate, 3, II, LTD QTY (£ 1.0 L)
UN2277, Ethyl Methacrylate, 3, II (> 1.0 L)
TDGR (Canadian GND):
MARK PACKAGE "LIMITED QUANTITY" or "QUANTITE LIMITE E" or "LTD QTY" or "QUANT LTE E" (>1.0 L)
UN2277,Ethyl Methacrylate, 3, II (> 1.0 L)
ADR/RID (EU):
UN2277,Ethyl Methacrylate, , 3, II, ADR, LTD QTY (>1.0 L)
UN2277, Ethyl Methacrylate, 3, II, ADR (> 1.0 L)
MEXICO (SCT):
UN2277,Ethyl Methacrylate, 3, II, CANTIDAD
LIMITADA (>1.0 L)

SECTION 15: REGULATORY INFORMATION

SARA Reporting Requirements: N/A

SARA Threshold Planning Quantity: NA

TSCA Inventory Status: All components of this product are listed in the TSCA Inventory or are exempt.

CERCLA Reportable Quantity (RQ):

Ethyl Methacrylate- 5000 lbs.

Other Federal Requirements:

This product complies with the appropriate sections of the Food and Drug Administration's 21 CFR subchapter G (Cosmetics).

SECTION 15: REGULATORY INFORMATION

Other Canadian Regulations

This product has been classified according to the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all of the information required by CPR. The components of this product are listed on the DSL/NDSL.

State Regulatory Information:

Ingredients in this mixture on found on the following state criteria lists:

California Right to Know List
New Jersey Right to Know List
Massachusetts Hazardous Substances List
Minnesota Hazardous Substances List
Florida Right to Know List
Pennsylvania Right to Know List
Washington Permissible Exposure Limits for Air Contaminants
Wisconsin Hazardous Substances List

67/548/EEC (European Union) Requirements:

The primary component of this product is not listed in Annex I of EU Directive 67/548/EEC.

Ethyl Methacrylate : Flammable (F). R: 11-36-66-67 - Highly flammable. Irritating to eyes. Repeat exposure may cause skin dryness or cracking. Vapors may cause drowsiness and dizziness.

S: 9-16-23-33 - Keep container in a well-ventilated place. Keep away from sources of ignition

No smoking. Do not breathe gas, fumes, vapor or spray Take precautionary measures against static discharges.
